NEW YORK CITY | H

MOXY NYC EAST VILLAGE

Opened in September, **Moxy** emphasizes smartly appointed but small rooms. Bathrooms include walk-in showers and glazed lava stone sinks. Bonus: The hotel is pet friendly. Each floor evokes a different era of the East Village's history, from early settlers to today.

Cathédrale features French-Mediterranean cuisine from chef Jason Hall, but it's the atmosphere that stands out. The main dining room features a 26-foot-tall ceiling covered by a wire mesh sculpture designed by Edoardo Tresoldi. A rooftop bar is expected to open in spring 2020.
